COUNT ON

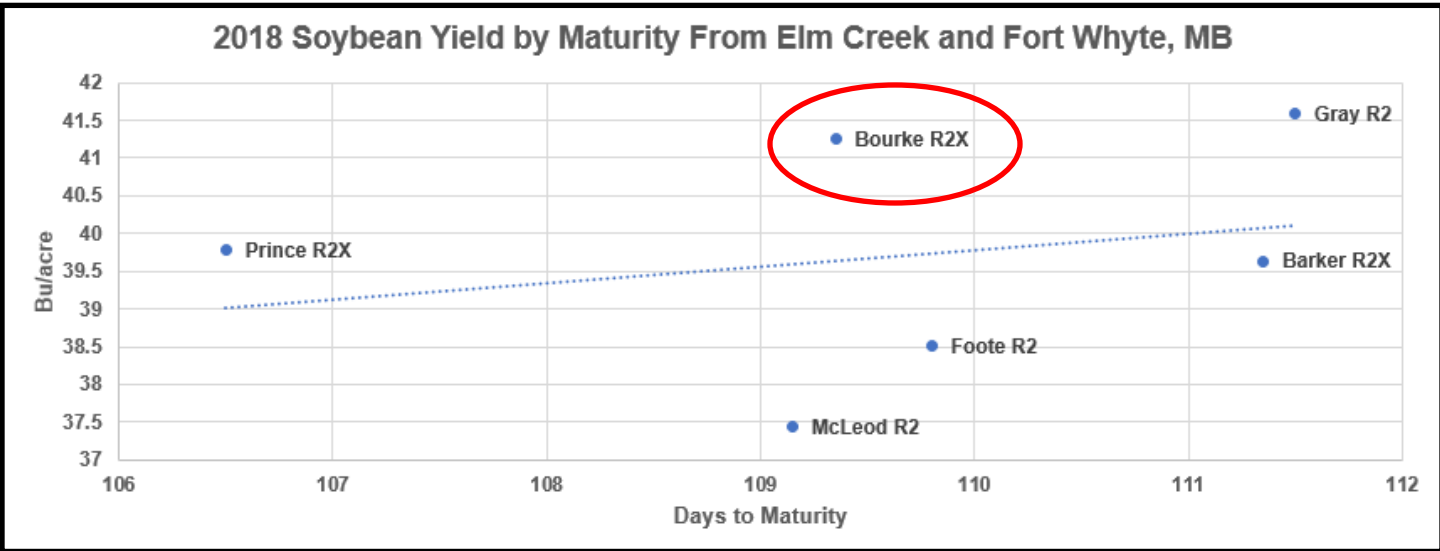

<input checked="" type="checkbox"/>	Yield:	107% of check in MB Seed Guide
<input checked="" type="checkbox"/>	Phytophthora Gene:	Rps1k
<input checked="" type="checkbox"/>	Phytophthora Field Tolerance Rating :	MR
<input checked="" type="checkbox"/>	Sclerotinia Resistance Rating	Above average
<input checked="" type="checkbox"/>	Iron Chlorosis Rating:	Semi tolerant
<input type="checkbox"/>	Cyst Nematode Gene:	No

COMMENTS

Bourke R2X is a tall, slim, high yielding plant. Straw strength is great with pods high off the ground. The IDC rating is semi tolerant, making it a great fit for most fields.

- Great for narrow spacing due to plant architecture
- Maturity looks great for most of MB but still need more experience in western MB
- Dicamba resistant for tough - to - control weeds like kochia, cleavers, wild buckwheat, rag-weed

Monsanto Company is a member of Excellence Through Stewardship® (ETS). Monsanto products are commercialized in accordance with ETS Product Launch Stewardship Guidance, and in compliance with Monsanto's Policy for Commercialization of Biotechnology-Derived Plant Products in Commodity Crops. These products have been approved for import into key export markets with functioning regulatory systems. Any crop or material produced from these products can only be exported to, or used, processed or sold in countries where all necessary regulatory approvals have been granted. It is a violation of national and international law to move material containing biotech traits across boundaries into nations where import is not permitted. Growers should talk to their grain handler or product purchaser to confirm their buying position for these products. Excellence Through Stewardship® is a registered trademark of Excellence Through Stewardship.

ALWAYS READ AND FOLLOW PESTICIDE LABEL DIRECTIONS. Roundup Ready 2 Xtend® soybeans contain genes that confer tolerance to glyphosate and dicamba. Agricultural herbicides containing glyphosate will kill crops that are not tolerant to glyphosate, and those containing dicamba will kill crops that are not tolerant to dicamba. Contact your Bayer dealer or call the Bayer technical support line at 1-800-667-4944 for recommended Roundup Ready® Xtend Crop System weed control programs. Roundup Ready 2 Xtend®, Roundup Ready 2 Yield® and Roundup Ready® are registered trademarks of Bayer Group, Monsanto Canada ULC licensee.
